A finding of the court of appeals may be appealed to the supreme court of this state as provided by law.

(6) If the apportionment commission has failed to submit a plan for its county within 60 days but not less than 30 days after the latest official published census figures are available or within an additional time as may be granted by the court of appeals for good cause shown on petition from the apportionment commission, any registered voter of the county may submit a plan to the commission for approval. The apportionment commission shall choose, from among those plans submitted, a plan meeting the requirements of the laws of this state and shall file the plan in the office of the county clerk as provided in this section within 30 days after the deadline for filing of the apportionment commission's own plan or any extension granted on the filing of the plan.

(7) Once an apportionment plan has been found constitutional and not in violation of this act and all appeals have been exhausted or, if an appeal has not been taken, when the time for appeal has expired, that plan shall be the official apportionment plan for the county until the next United States official decennial census figures are available. When the next United States official decennial census figures are available, a new apportionment plan under this act shall be established by the county apportionment commission.

Notwithstanding the provisions of this subdivision in relation to existing county offices, boards, commissions, and departments, a county charter shall insure the following:

(i) In a county having a population of less than 1,500,000, the charter shall not be in derogation of the powers and duties of the county road commission in the exercise of their statutory duties concerning the preservation of a county road system. The charter for these counties shall provide for the creation of a 3-member commission. Not less than 1 member of the 3-member commission shall be a resident of a township within the county.

The charter shall provide that the 3-member commission shall be appointed by either the elected county executive or the chief administrative officer. Appointment to the 3-member commission shall require advice and consent by a majority of the county board of commissioners elected and serving not more than 60 days after the appointment. The system provided under the charter shall recognize the accrued rights and benefits of the officers and employees under the system then in effect. The charter shall not infringe upon nor be in derogation of those accrued rights and benefits. The charter shall not preclude future modification of the system.

(f) The continuation and implementation of a system of civil service in those counties having a system at the time of the adoption of the charter. The system of civil service provided under the charter shall recognize the rights and status of persons under the civil service system then in effect. Except as provided in subdivision (d), the charter shall provide that the system of civil service be coordinated among the county offices, boards, commissions, and departments.

(g) That the general statutes and local acts of this state regarding counties and county officers shall continue in effect except to the extent that this act permits the charter to provide otherwise, if the charter does in fact provide otherwise.

(h) That all ordinances of the county shall remain in effect unless changed by the charter or an ordinance adopted under the charter.

(i) The power and authority to adopt, amend, and repeal any ordinance authorized by law, or necessary to carry out any power, function, or service authorized by this act and by the charter.

(j) The power and authority to enter into any intergovernmental contract which is not specifically prohibited by law.

(m) The levy and collection of taxes, the fixing of an ad valorem property tax limitation of not to exceed 1% of the state equalized value of the taxable property within the county, and that the levy of taxes from within this ad valorem property tax limitation shall not exceed, unless otherwise approved by the electors, the tax rate in mills, equal to the number of mills allocated to the county either by a county tax allocation board or by a separate tax limitation under the property tax limitation act, Act No. 62 of the Public Acts of 1933, as amended, being sections 211.201 to 211.217a of the Michigan Compiled Laws, in the year immediately preceding the year in which the county adopts a charter.

(n) Initiative and referendum on all matters within the scope of the county's power and authority; and for the recall of all county officials.

(o) Amendment or revision of the charter initiated either by action of the legislative body of the county or by initiatory process. An amendment or revision shall not become effective unless the amendment or revision is submitted to the electorate of the county and approved by a majority of those voting.

(p) That the acquisition, operation, and sale of public utility facilities for furnishing light, heat, or power shall be subject to the same restrictions as imposed on cities and villages by the state constitution of 1963 and applicable law.

(q) Annual preparation, review, approval, and adherence to a balanced budget in a manner which assures coordination among the county offices, boards, commissions, and departments, except as provided in

subdivision (d).

(r) An annual audit by an independent certified public accountant of all county funds.

(s) That a county that incurs a budget deficit in any fiscal year shall prepare and submit a detailed and specific 5-year plan for short term financial recovery and long range financial stability to the governor and the legislature, before adoption of the next annual county budget, for review.
